A sons' thoughts on Guru Purnima.....

On this auspicious day of Guru Purnima, I bow down to the greatest teachers of my life - my parents.

Dad, you instilled in me the belief that nothing is impossible, encouraging me to chase my dreams fearlessly. Your wisdom continues to guide me every day.

Mom, you taught me that true success lies in humility and kindness, no matter how high I soar. Your lessons on being a good human being shape my actions and decisions.

On this day, I express my deepest gratitude to you both for shaping me into the person I am today. Your teachings are my guiding light, and my love and respect for you both know no bounds.

GuruPurnima Gratitude “Parents Are The Best Teachers”

स्वास्थ्य क्षेत्र में प्रदेश को अग्रणी बनाएगा अरबिंदो का इंटीग्रेटिव मेडिसिन रिसर्च सेंटर

श्री अरबिंदो विश्वविद्यालय में "इंटीग्रेटिव मेडिसिन रिसर्च सेंटर" के उद्घाटन समारोह में उप-मुख्यमंत्री राजेंद्र शुक्ला जी ने कहा कि एकीकृत चिकित्सा के क्षेत्र में श्री अरबिंदो अस्पताल की पहल से मध्य प्रदेश हेल्थ सेक्टर में अग्रणी बनेगा। इससे विशेष रूप से ग्रामीण क्षेत्रों में स्वास्थ्य सेवाएं बेहतर होंगी। इस मौके पर उन्होंने इंटीग्रेटिव मेडिसिन कोर्स की भी शुरुआत की और नगर निगम एवं परिषदों में कार्यरत महिलाकर्मियों के लिए निःशुल्क स्वास्थ्य कैंप का वर्चुअल उद्घाटन किया।

जल संसाधन मंत्री तुलसीराम सिलावट जी ने संस्थापक अध्यक्ष डॉ. विनोद भंडारी की दूरदर्शिता की सराहना करते हुए कहा कि हर्बल मेडिसिंस का एविडेंस बेस डाटा तैयार करना अत्यधिक महत्वपूर्ण है। सांसद शंकर लालवानी जी ने श्री अरबिंदो अस्पताल के योगदान की प्रशंसा की और कहा कि यह प्रधानमंत्री मोदी के स्वप्न को साकार करने में मदद करेगा। इस अवसर पर 1100 औषधीय पौधों का रोपण भी किया गया। श्री अरबिंदो विवि की कुलाधिपति डॉ. मंजूश्री भंडारी, प्रति-कुलाधिपति डॉ. मोहित भंडारी, डॉ. महक भंडारी, कुलपति डॉ. ज्योति बिंदल और वन विभाग के पी.सी. दुबे ने भी अपने विचार व्यक्त किए।

आइए, हम सब मिलकर इस पहल का समर्थन करें और स्वस्थ भारत की दिशा में कदम बढ़ाएं

डॉ. महक भंडारी का रिकार्ड रतलाम में 3 घंटे में 7 सफल लेप्रोस्कोपिक सर्जरी

इंदौर। सैम्स जैन दिवाकर श्री अरबिंदो अस्पताल रतलाम में एक नया कीर्तिमान रचा गया। पहली बार 6 हार्निया पेशेंट और एक अपेंडिक्स पेशेंट की एक के बाद एक 7 सफल लेप्रोस्कोपिक सर्जरी की गई। देश के जाने-माने सर्जन डॉ. महक भंडारी और उनकी टीम ने ये सभी सर्जरी महज 3 घंटे में कीं। सभी मरीज स्वस्थ हैं और फिलहाल अस्पताल में ही स्वास्थ्य लाभ ले रहे हैं। डॉ. भंडारी ने यह उपलब्धि अस्पताल में आयोजित सर्जिकल कैंप के दौरान हासिल की। उन्होंने बताया कि पिछले कुछ समय से उन्हें इन मरीजों की दिक्कतों के बारे में लगातार जानकारी मिल रही थी। इसलिए शनिवार को मैंने खुद इंदौर से रतलाम आकर इन सभी की लेप्रोस्कोपिक सर्जरी करने का निर्णय लिया।

रेगुलर से बेहतर है लेप्रोस्कोपिक सर्जरी

प्रदेश के सबसे बड़े चिकित्सा एवं शिक्षण समूह श्री अरबिंदो समूह के संस्थापक अध्यक्ष डॉ. विनोद भंडारी ने इस उल्लेखनीय उपलब्धि के लिए डॉ. महक को बधाई दी है। उन्होंने बताया कि अत्याधुनिक तकनीक पर आधारित लेप्रोस्कोपिक सर्जरी, रेगुलर सर्जरी के मुकाबले काफी कम समय में हो जाती है और इसमें मरीज को अनावश्यक परेशानी भी नहीं झेलनी पड़ती है। सैम्स के 20 वर्ष पूर्ण होने के उपलक्ष्य में हम रतलाम में निःशुल्क स्वास्थ्य शिविरों के माध्यम से सुपर स्पेशियलिटी विशेषज्ञ चिकित्सकों की सेवाएं भी उपलब्ध करा रहे हैं। उल्लेखनीय है कि सैम्स जैन दिवाकर श्री अरबिंदो अस्पताल, रतलाम में आयुष्मान और ईएसआई जैसी सरकारी स्वास्थ्य योजनाओं के तहत भी इलाज एवं ऑपरेशंस की सुविधा उपलब्ध है। इसके अलावा यहाँ सामान्य रोगियों के लिए भी सीजेरियन डिलेवरी, बच्चेदानी के आपरेशन, हार्निया, अपेंडिक्स सर्जरी और घुटना प्रत्यारोपण आदि भी काफी किफायती खर्च पर किए जाते हैं।

A Unique initiative of SAIMS for all Health Professionals.....

Dear Friends,

We are planning to start a Forensic Medicine and Toxicology OPD at SAIMS hospital. The FMT OPD will cover the following scope of services:

1. Medical juris and medical ethics consultation for healthcare professionals:

The FMT OPD will help in-house practitioners deal with legal, ethical, and bioethical dilemmas and provide consultation to clinical practitioners. The advancing technologies bring in more medico-legal issues as new acts and guidelines are regularly issued. Thus, the clinicians can seek advice from their readily available colleagues in FMT OPDs.

2. Medico-legal consultation: These days there is a rapid increase in conflicts and distrust between patients and healthcare professionals. Medico-legal consultants, being doctors themselves, will be able to assess the situation from the doctors' point of view and can correctly guide patients on the medical and legal aspects of treatment. This will help in reducing the number of false allegations against doctors.

3. Toxicology Consultation: Besides acute toxicology patients, who appear in the casualty, there are many patients who have need toxicology consultation for various types of poisonings. Therefore, the world over toxicology is developing as a specialized branch. Considering this at SAIMS, we will be providing specialized and dedicated 'Toxicology' OPD under the department of FMT.

Students of Sri Aurobindo Medical College and PG institute actively participated in a tree plantation drive spearheaded by Dr Jaishree Tapadia, Dean of Student Welfare and HOD Physiology department. The event, organized at the Revati Range is part of the larger "Ek Ped Maa Ke Naam Pe" scheme, which aims to plant 51 lakh trees all over Indore within 24 hours. Students of SAIMS lent a hand in the plantation of 11.5 lakh trees behind our campus, and showed enormous initiative, eagerly planting 2000 saplings by their own hands. The saplings will be monitored for 15 days and new ones will be planted in the event of death of saplings.

The event was under large media coverage and was graced by Hon. Home Minister Amit Shah, Hon. State Urban Development Minister Kailash Vijaywargia, Hon. CM Mohan Yadav and more.

First Lapraoscopic Surgery for Mals in Central India

Rare condition of 18-yr-old girl treated successfully

Doctors perform surgery to treat rare disease

Our Staff Reporter

INDORE

Surgeons at Sri Aurobindo Hospital have given a new lease of life to an 18-year-old patient by successfully performing a

FIRST LAPAROSCOPY SURGERY FOR MALS

Doctors claim it to be the first of its kind surgery in central India

complex laparoscopic surgery.

The patient was suffering from Median Arcuate Ligament Syndrome (MALS). The condition had caused a thick layer of muscle to constrict the vein carrying blood to her stomach and liver, leading to severe abdominal pain over the past three years.

Despite seeking treatment for various misdiagnosed conditions such as stones and jaundice, the girl's symptoms persisted until a comprehensive investigation at Sri Aurobindo Hospital identified the rare disorder. The hospital claimed it to be the first laparoscopic MALS release surgery in Central India. The patient has now fully recovered and is free from pain, according to Dr Mehak Bhandari, the hospital's general secretary.

He highlighted the rarity of MALS, which affects only one in a million people. The surgery, was skillfully performed laparoscopically by a team of specialists including Dr Sami Anwar Khan, Dr Manoj Reddy, Dr Vipin Arya, Dr Anirudh Singh, and Dr Rajesh Patidar.
