## Indo-UK Joint Collaboration at Sri Aurobindo University

*Along with Sri Aurobindo Institute, I am well aware of the innovations being made in the medical world by the UK-based BAPIO (British Association of Physicians of Indian Origin) organization. Therefore, I can say that the launch of new courses by these two institutions in London based universities in Sri Aurobindo University will touch new heights in the medical field. This is the beginning of a new era. IAS Mohammed Suleman, Addl Chief Secretary, said this at the launching program of five new courses recognized by NMC under Indo-UK Joint Collaboration at Sri Aurobindo University on 29th Feb 2024. IAS - Sudam Khade, Commissioner Medical Public Health & medical Education dept, said that Aurobindo Hospital's campaign to make villages and remote patients healthy by reaching them through buses equipped with medical equipment is commendable.*

*Founder Chairman Dr. Vinod Bhandari informed about the plans to provide better medical facilities in the villages. Pro-Chancellors Dr Mohit Bhandari and Dr. Mahak Bhandari spoke about their efforts to provide the best medical facilities in the world in the future by keeping pace with high technology. Vice Chancellor Dr. Jyoti Bindal told that the university had launched FRCEM (Fellowship of Royal College of Emergency Medicine) training course in Madhya Pradesh. After its success, MRCEM courses are being launched in five other subjects. Under the 2 Plus 2 programme, training for the first two years of these courses will be given at Sri Aurobindo University. After this, study and training will be given in England for the remaining two years. After this the degree will be recognized by NMC.*

*Dr. Ramesh Mehta, President of BAPIO, UK, Dr. Navina Evans, NHSE, UK Directorate Chief, Consultant Endocrinologist, BTA, UK. Dr.Parag Singhal, Chief Executive of University Hospital, Leicester, Richard Mitchell etc. were also present in the program. Dr. Jayshree Tapadia offered the vote of Thanks.*

*BAPIO officials also visited different areas in the MOHAK Hospital and appreciated the facilities available.*

## International Women's Day Celebration

*SAIMS marked the joyous occasion of Mahashivratri with a captivating celebration that also doubled as a commemoration of International Women's Day. Dr. Jaishree Tapadia, the revered Dean of Student Welfare, graced the event with her presence, infusing it with her inspiring leadership and wisdom. The festivities unfolded with a colorful array of cultural performances, reverberating with the spirit of devotion and celebration. From traditional dances to soulful music renditions, every act showcased the rich cultural heritage of our college community. Additionally, the event featured insightful talks shedding light on the significance of Mahashivratri and the empowerment of women in today's society. Dr. Tapadia's address resonated deeply with the audience, as she shared her invaluable insights on the importance of embracing diversity and inclusivity, particularly in educational institutions. Her presence served as a beacon of inspiration, encouraging students to strive for excellence and contribute meaningfully to society. Moreover, as part of the event, a special tribute was paid to the remarkable women within the SAIMS community, acknowledging their invaluable contributions to various facets of college life and beyond. Their achievements were celebrated as a testament to the unwavering spirit and resilience of women everywhere. The celebration of Mahashivratri and International Women's Day at SAIMS not only served as a platform for cultural exchange and spiritual reflection but also reaffirmed the college's commitment to fostering an environment of equality, respect, and empowerment for all. It was a testament to the vibrant tapestry of traditions and values that define our institution's identity, reflecting our collective journey towards progress and enlightenment.*

## Indian Association of Clinical Psychologists (IACP) Annual Conference

*The 50th National Annual Conference of the Indian Association of Clinical Psychologists (IACP) proved to be a resounding success, leaving an indelible mark on the landscape of clinical psychology in India. The event was held at Sri Aurobindo University, Indore, from 8th February 2024 to 11th February 2024 on the Theme:- 'Clinical Psychology: Retrospect and Prospect' by the Department of Clinical Psychology, SAU, witnessed the convergence of over 700 participants, creating a diverse and engaged community of clinical psychologists and mental health professionals. The resounding success owes much to the collaborative efforts of numerous individuals and organizations, whose unwavering support and dedication played a pivotal role in making this event a triumph.*

*The distinguished presence and support of Shri Thaawar Chand Gehlot Ji, the Governor of Karnataka, as the chief guest, added prestige to the conference. Shri Gehlot's role as the former Minister of Social Justice and Empowerment and his extensive experience in the Indian Parliament further elevated the event's significance. We extend our sincere gratitude to Shri Thaawar Chand Gehlot Ji for gracing the occasion with his presence and providing valuable support, serving as a beacon of inspiration for all involved.*

*Sri Aurobindo University provided a conducive environment for intellectual exchange. We express our gratitude for the contributions of the university's leadership, including Dr. Vinod Bhandari, founder chairman of SAIMS, Chancellor Dr. Manjushree Bhandari, Pro Chancellor Dr. Mohit Bhandari, Pro Chancellor Dr. Mahak Bhandari, Vice Chancellor Dr. Jyoti Bindal, Registrar Dr. Anand Mishra, Dean Dr. R.R. Wavare, and Dean Student Welfare Dr. Jayshree Tapadia who all were instrumental in shaping the success of the conference.*

*Behind the scenes, the contributions of 95 staff members, including catering, lighting, decoration teams, gardeners, drivers, housekeeping, and guards, were crucial. Special mention goes to Mr. Prashant Tetwal for technical support, Mr. Yash Vijayvargia for exceptional management skills, Mr. Durga Shankar Yadav for catering expertise, Mr. Himanshu Shrivastava for multimedia proficiency, and the efforts of Mr. Harsh, Mr. Ghanshyam Mishra and Mr. Pawan Godle in EDP, all of whom played instrumental roles in the conference's success.*

*The meticulously planned program encompassed more than 300 sessions, featuring 280 paper presentations, 18 symposiums, 14 invited sessions, 11 interactive sessions and 4 preconference workshops across 11 different halls. The interdisciplinary nature of the conference was enriched by the participation of professionals from paediatrics, neurology, oncology, surgery, psychiatry, psychiatric social work, psychiatric nursing, dental, occupational therapy, speech and audiology, rehabilitation counselling and other departments which created a comprehensive platform for knowledge exchange and professional development.*

*A noteworthy initiative came from the Department of Oncology, with a skit performed by esteemed doctors to raise awareness about the importance of psychological services for the mental health of cancer patients and their families. Our heartfelt gratitude goes to Dr. P. Chitalkar for spearheading this impactful initiative. Volunteers from the Psychiatry department and Nursing department of SAU, MGM College, and private practitioners of Indore contributed significantly to the event's success and underscored the collective effort in ensuring the seamless execution of the conference.*

*A total registration of around 700 participants highlighted the nationwide reach of the IACP, with contributions from institutes spanning from all over the India. Noteworthy sessions were conducted by experts from NIMHANS, IHBAS, AIIMS, and esteemed institutes of India along with insightful sessions from Dr. Indla Ramasubha Reddy, Former President of IPS and Dr. Bankey Lal Dubey from the USA, added a global perspective to the event.*

*The leadership of IACP, with Dr. Dherandra Kumar (President), Dr. Vikas Sharma (Secretary), Dr. G.S. Kaloiya (President Elect), played a pivotal role in steering the conference towards success. Special mention goes to Dr. Muddasar Hasan, Ms. Shweta Sharma and Dr. Anwasha Mondal, co-organizing secretaries, for their significant contributions. Dr. R.S. Bhati's unwavering support was essential in the smooth execution of the conference.*

*The valedictory session, featuring Dr. Manoranjan Sahay, a founding member of IACP, and Dr. Anand Mishra, Registrar of SAU, added a touch of nostalgia and reflected on the journey of clinical psychology in India. The session also acknowledged the 25 best paper awardees selected from each scientific session throughout the conference.*

*In conclusion, the 50th National Annual Conference of the IACP stands as a testament to the collaborative efforts of numerous individuals and organizations. The dedication exhibited by all involved has undoubtedly contributed to the advancement of clinical psychology in India. As we reflect on this milestone, we look forward to continued success*

## A rare endoscopic procedure done in an infant in SAIMS

*This child was a Post-op case of tracheo-esophageal fistula repair done at day 3 of life at a pvt hospital followed by further management in SAIMS NICU with ventilatory support. Baby improved and was on exclusive breast feeding when she developed aspiration of feed at day 28 of life and shifted to NICU again. Consultation done with Dr Sumit Singh, Pediatric Gastroenterologist and advised for contrast esophagogram which showed an anastamotic site structure with proximally dilated esophagus with retention of contrast. A 5F feeding tube was put very cautiously under endoscopic guidance. 2 weeks later, at 6 weeks of age, we performed a successful endoscopic dilatation of the pinhole stricture with CRE balloon upto 7mm diameter without any complications and a 8F feeding tube placed. 2 weeks later another session of endoscopic dilatation was done with 8mm dia CRE balloon. Following this, Child started on oral breast feeding which she tolerated well. Child started gaining weight and discharged after 5 days on exclusive breast feeding.*

*This was the youngest kid in Central India who underwent successful endoscopic dilatation at such a young age. All thanks to the team neonatology for providing all support and pediatric Surgery team for providing backup in case of any complications that might have happened.*

खांसी भले ही मामूली लक्षण प्रतीत होता हो परंतु इसके अनगिनत रोगकारक कारणों को समझने का प्रयास किया जाए तो यह खांसी जैसी साधारण स्थिति भी न केवल डायग्नोसिस के लिए जटिल सिद्ध होती है बल्कि उपचार में भी इसकी जटिलता आसमान छूती है जो किसी भी रोगी के लिए घर के बने काढ़े से उपचार करने की सीढ़ी से लेकर मेडिकल स्टोर से खांसी की पीने की दवाई और वहां से ठीक ना हो पाने पर किसी प्रशिक्षित फैमिली फिजिशियन के दरवाजे तक आती है और वहां से चेस्ट फिजिशियन के पास तक. यह विचार चेस्ट फिजिशियन डॉ. वल्लभ मूंदड़ा ने इंडियन मेडिकल एसोसिएशन के सम्माननीय सदस्यों के लिए आयोजित संगोष्ठी में व्यक्त किये । इस संगोष्ठी को डॉ. दिलीप बालानी ने भी संबोधित किया और खांसी के संक्रामक, वायरल, रासायनिक, मनोवैज्ञानिक व सामाजिक तत्वों पर प्रकाश भी डाला । इस अवसर पर इंडियन मेडिकल एसोसिएशन की इंदौर शाखा के सदस्यगण बड़ी संख्या में उपस्थित थे । पावरप्वाइंट प्रेजेंटेशन के माध्यम से प्रस्तुत इस शिक्षा सत्र में इस समय चल रही खांसी के विभिन्न आयामों पर गंभीर चिंतन और मनन किया गया । हृदय, फेफड़े तथा किडनी की समस्याओं से होने वाली खांसी तथा उनके उपचार के संबंध में विशेष चर्चा की गई । चिकित्साद्वय ने उपस्थित सदस्यों के प्रश्नों का समुचित उत्तर भी दिया । इस अवसर पर कार्यक्रम संचालन डॉ० विजय हरलालका ने किया ।
