## **Congratulations Dr. Mohit Bhandari** **World's first weight loss surgery with Apple Vision Pro.**

*“Utilizing Vision Pro for laparoscopic sleeve surgery offers a multitude of advantages that significantly enhance the surgical experience. The system's ability to manipulate screen position and size provides unparalleled ergonomic positioning for surgeons, ensuring optimal visualization throughout the procedure.*

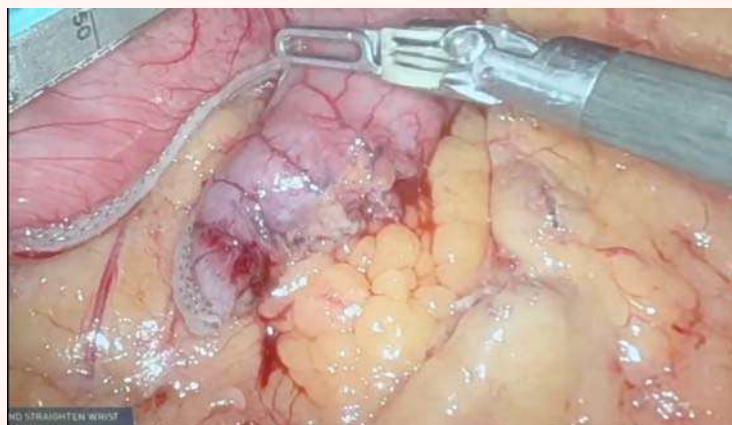

*With high-quality vision and advanced capabilities, surgeons can easily identify small bleeders even post-suturing, leading to improved surgical outcomes and patient safety. Moreover, the awareness of surroundings facilitated by Vision Pro allows surgeons to maintain focus and precision during the operation, reducing the risk of errors and complications. By leveraging the innovative features of the system, such as enhanced visibility and ergonomic design, surgeons can perform laparoscopic sleeve surgeries with greater efficiency and confidence. Ultimately, the use of Vision Pro elevates the surgical experience, empowering healthcare professionals to deliver superior care to their patients.”*

## Congratulations to Dr. Mahak Bhandari

*Excellent demonstration of Robotic Bariatric Surgery by using Robotic staplers on 19<sup>th</sup> March 2024.*

## SAU organized a lecture by Dr. Deepak Rajpoot, USA

*An enlightening lecture was delivered by Dr. Deepak Rajpoot, a distinguished Pediatric Nephrologist with over 20 years of experience in California, USA on 28<sup>th</sup> March 2024. The lecture was to Discover insights on "Idiopathic Minimal Change Disease in Children" that are invaluable for Pediatricians, General Physicians, Nephrologists, and trainees in Medicine, Pediatrics and Nephrology. The lecture was well appreciated by all present.*

## First Time Voter's awareness Program

*To raise awareness about the upcoming Lok Sabha elections amongst the students of MBBS 1st year, a poster making, speech and slogan writing competition was organised under guidance of Dr. Jaishree Taapdia Dean, Student Welfare, SAU on 06.03.2024 at Sri Aurobindo University, Indore. The goal was to upskill the first time voters about their voting rights and the right ways to exercise them.*

## HPV Awareness Drive Champions Training Program at SAU on 19th March 2024

*A Glimpse of HPV Awareness Drive Champions Training Program in Association with the Indore Obs and Gyne Society. The Indore Obs and Gyne Society proudly organised an exclusive training program dedicated to raising awareness about Human Papillomavirus (HPV) – a crucial step towards preventing cervical cancer. Held at the prestigious Sri Aurobindo University in Indore, this initiative aims to equip healthcare professionals with the knowledge and tools necessary to combat HPV-related risks effectively.*

*With the participation of approximately 100 dedicated gynecologists, this event was a resounding success. Together, we strive to empower champions in the field of women's health, ensuring that every individual receives the care and attention they deserve. Join us in our mission to make a difference in the fight against cervical cancer. Together, we can save lives and pave the way for a healthier future.*

## "वर्ल्ड किडनी डे" के मौके पर श्री अरबिंदो अस्पताल में ऑर्गन डोनेशन वर्कशॉप का आयोजन-14-3-2024

ऑर्गन डोनेशन के दौरान एक-एक पल बेहद कीमती होता है। ऐसे में यदि किडनी ट्रांसप्लांट रोबोट्स के माध्यम से किया जाये तो समय भी बचेगा और रिजल्ट भी बहुत बेहतर मिलेंगे। सबसे अच्छी बात ये है कि रोबोटिक ट्रांसप्लांट में अपेक्षाकृत समय कम लगने से कई अनमोल जिंदगियाँ भी बचाई जा सकेंगी। इसीलिए हम जल्द ही मध्य भारत में पहली बार रोबोटिक किडनी ट्रांसप्लांट करने जा रहे हैं। इसी साल हम रोबोटिक हार्ट और लिवर ट्रांसप्लांट भी शुरू करने जा रहे हैं। इसके लिए हम चिकित्सा क्षेत्र में अव्वल, फ्रांस के विश्व प्रसिद्ध इर्काड संस्थान के साथ एमओयू साइन कर चुके हैं।

ये बात "वर्ल्ड किडनी डे" के मौके पर श्री अरबिंदो अस्पताल में आयोजित ऑर्गन डोनेशन एजुकेशनल वर्कशॉप का उद्घाटन करते हुए फाउंडर चेयरमैन डॉ. विनोद भंडारी ने कही। डिपार्टमेंट ऑफ नेफ्रोलॉजी द्वारा आयोजित इस विशेष कार्यक्रम में डॉ. भंडारी ने कहा कि ऑर्गन डोनेशन के मामले में परिजनों की काउंसलिंग बहुत महत्वपूर्ण होती है। उनकी हिचक दूर करने की स्पेशल ट्रेनिंग भी नए डॉक्टरों को दी जानी चाहिए।

पूरी पारदर्शी है अंगदान की प्रक्रिया

कार्यक्रम के मुख्य अतिथि मेडिकल कॉलेज के डीन डॉ. संजय दीक्षित ने कहा कि पिछले एक दशक में अंगदान के क्षेत्र में इंदौर में काफी काम हुआ है और अच्छी बात ये है कि हम इस बेहद सेंसेटिव काम को पूरी पारदर्शिता के साथ कर रहे हैं। इस अवसर पर प्रसिद्ध नेफ्रोलॉजिस्ट डॉ. प्रदीप सालगिया, डॉ. संदीपन आर्य, डीन (स्टूडेंट्स वेलफेयर) डॉ. जयश्री तापड़िया, डीन (मेडिकल कॉलेज) डॉ. आर.आर. वाबरे, विभागाध्यक्ष डॉ. श्रद्धा गोस्वामी सहित बड़ी संख्या में श्री अरबिंदो विश्वविद्यालय के फेकल्टी मेंबर्स, डॉक्टर्स और स्टूडेंट्स मौजूद थे।

## The Family Adoption Program of the MBBS 2022 Batch

The Family Adoption Program of the MBBS 2022 batch was held on 18th March 2024 by SAMC & PGI, Indore. The villages covered were Rajoda, Biloda, and Siloda. The program was lead by Dr. Jayshri Tapadia, Dean of Student Welfare. Under the guidance of HOD, Dr. Ajit Deshpande, Dept. Of Community Medicine, the whole event was coordinated by Dr. Mayank Rahul and Mr. Avadesh Sharma (Nursing Head). The students were guided by faculties- Dr. Madhuri, Dr. Jayshree, Dr. Harshal, Dr. Teena, Dr. Dolly, and Dr. Sana and the Nursing faculties along with our pgs ( Dr. Jayprakash, Dr. Deepak & Dr. Dhanjay) on the field. MSW Mr. Sanjay & Mr. Mousin help students in finding families.

## Department of Pediatrics and Adolescent Medicine, SAIMS, Indore

'World obesity day ' was celebrated on 4th March 2024 in the Department of Paediatrics. The active participation of senior faculties Dr Gunjan Kela , Dr Swati Mulye ,Dr KK Arora , Dr Devendra Barua was instrumental in making the session interactive and informative.

## REPORT ON BCME & CISP-III (SEPTEMBER 2023)

*"Education is the most powerful weapon which you can use to change the world."*

—Nelson Mandela.

BCME-(Basic Course in Medical Education) workshop was conducted from 11th to 13th March, 2024 and CISP-III (Curriculum Implementation Support Program) was conducted from 18th & 19th March, 2024 under the aegis of Sri Aurobindo Medical College & PG Institute, Indore, Founder Chairman Dr. Vinod Bhandari, Chairperson Dr. Manjushree Bhandari & Dr. Mrs. Bose, Director Medical Education and Ex-Convenor of MEU- Medical Education Unit. Venue: Reginal Training Centre, Medical Education Unit, SAIMS, Indore.

BCME-(Basic Course in Medical Education) workshop was attended by 28 participants from various medical colleges across Madhya Pradesh. The inauguration session was conducted by Dr. Nitin Nema, Convenor, RTC, MEU, SAIMS, Indore in the presence of Dean Dr. R.R. Wavare and Dr. Praveen Arora, Co-convenor and Dr. KK Arora, Coordinator, MEU, RTC, SAIMS, Indore.

The routine of beginning the workshop with morning prayer was followed religiously at the beginning of each day's session.

The three-day long BCME workshop was alike a grand gala festival of knowledge and the participants were overwhelmed at the end of their three day long journey at this Regional Training Center (RTC). Lectures were conducted by resource faculties Dr. Nitin Nema, Dr. RR Wavare, Dr. Praveen Arora, Dr. K.K. Arora, Dr. Chhaya Goyal, Dr. Kavitarati Dharwadkar, Dr. Pooja Reddy, Dr. Apurv B. Thakur, Dr. Deepa Nair & Dr. Vishal Surwade, Dr. Prachi Paliwal and Dr. Bandita Medhi as newly inducted resource faculty, started their journey of taking lectures in the workshop, under the able guidance of senior resource faculties of the MEU.

CISP-III (Curriculum Implementation Support Program) was conducted on 18th & 19th March, 2024 with participation of 30 senior faculty including some Deans, Heads of Departments and senior Professors of the Medical Colleges of Madhya Pradesh. The participants had discussion regarding implementation of the new curriculum at their respective institution keeping the goal of making better IMGs (Indian Medical Graduates). CISP was also a thought provoking instrument among the senior faculties, who attended the workshop. It also saw the knowledge sharing by Resource Faculties of MEU, SAIMS, Indore.

## SAU Celebrated Cons Endo day

*Cons Endo day 05 March 2024 celebrates Conservative Dentistry and Endodontics, which treats dental diseases and injuries. Sri Aurobindo College of Dentistry organized four competitions on this day: quiz, reel, meme, and rangoli. The participants write, create, or answer questions on topics related to Conservative Dentistry and Endodontics. The best entries were awarded and shared.*

*Cons Endo day is a fun and educational event that promotes the interest and awareness of Conservative Dentistry and Endodontics among the students and faculty. It is a celebration of the art and science of Conservative Dentistry and Endodontics.*

## World Glaucoma Week

World Glaucoma Week was started by the World Glaucoma Association. This annual event serves as a way to educate people around the world about glaucoma, which is the second most common cause of blindness globally.

We are glad to share that on the occasion of world glaucoma week (10th march-16th march 2024) all the faculties, post graduate student and optometrist) all the faculties, post graduate students and optometrist participated actively and program was systematically orchestrated by Dr.(Prof)Shreya Thatte(HOD, Department of ophthalmology)). The following activities were conducted in department of ophthalmology, Sri Aurobindo medical college and PG institute.

1. Awareness among the general public To bring about the awareness among the general public regarding glaucoma, distribution of pamphlets, exhibition of banners and telecast of awareness video in Hindi on various platforms was carried out.

2. Intercollege glaucoma slogan competition alongside, an Intercollege glaucoma slogan competition was organised for post graduate student of the city and we are pleased to inform that a total of 27 students from all the teaching institutes namely MGM medical college, Choithram netralaya, Index medical college, Amaltas medical college and Sri Aurobindo medical college participated. All the slogans received were very informative and creative. Attractive prizes were given to the first three best slogans. The prize distribution ceremony was held on 20th March 2024 where the winners were awarded by Dr. Sharad Pandit, a leading ophthalmologist and former Regional director health services Madhya Pradesh.

## World Glaucoma Week

3. *Glaucoma teaching program for post graduate students Besides bringing awareness among the population, our endeavour this glaucoma week had been to enhance the knowledge of Post Graduate Students regarding the subject. The glaucoma teaching program was scheduled for the whole week that was a blend of seminars by the students, discussion, doubt clearing and hands-on training in various diagnostic modalities and glaucoma surgeries by our experienced faculties.*

*Glaucoma screening outreach program As glaucoma is asymptomatic in initial stages and causes subsequent irreversible damage to the optic nerve leading to blindness, Glaucoma Screening and outreach programs are imperative for timely diagnosis and ensuring quality care to the rural and semi urban population of the society. Keeping this in mind we concluded the glaucoma week by conducting a glaucoma screening program at Sanwer. The camp included screening the population with high end equipments like portable perimeter, portable tonometer, handheld fundus camera and autorefractometer. During the camp we screened nearly 52 patients, out of which 10 patients (20%) were found to have glaucoma and referred to our glaucoma specialty clinic.*

*Henceforth for spreading glaucoma awareness and providing better eye care and among rural and semiurban population of the society we are planning to conduct outreach glaucoma screening program annually.*

## World Oral Health Day 2024

On March 20, 2024, the Department of Periodontics at Sri Aurobindo College of Dentistry organized a commemoration of World Oral Health Day in collaboration with Abbott Pharmaceuticals. The focal point of the event was a lecture facilitated by Dr. Ankita Tyagi, a prominent Periodontologist, who delved into the crucial topic of doctor-patient communication in the realm of dentistry.

The lecture drew a substantial audience, with a total of 100 participants in attendance, including faculty members, postgraduate students, interns, and undergraduate students. This diverse gathering underscored the importance and relevance of effective communication between healthcare providers and patients in ensuring optimal oral health outcomes.

The day commenced with a warm welcome speech from Dr. Kanteshwari I.K, the Dean and Head of the Department, emphasizing the significance of oral health in our daily lives. She also honoured the guest speaker with a sapling, symbolizing growth and prosperity. Further Dr. Rajesh Kumar proceeded with the session, introduced the esteemed guest speaker for the day, Dr. Ankita Tyagi, who would share her expertise on the subject matter.

The lecture conducted focused on the aspects of patient convincing and the interaction between the doctor and the patient. In the talk the major highlights were establishing good patient doctor rapport, affects of communication outcomes, benefits of good personal accomplishments and how communication is necessary in formulating an effective diagnosis. The entire lecture was very informative and well appreciated by everyone.

he event was concluded with a Thank you note from Dr. Kanteshwari I.K. who appreciated the event and made everybody understand the importance of interaction with the patient.

## Case Report

Special case of WPW syndrome, 28/M recently married 1 year back, had multiple episodes of palpitations since last 2-3 years with documented recurrent SVT with heart rates going upto 210/min admitted twice for same in last 4 months. He had left lateral accessory pathway from left atrium to left ventricle. The EP team at SAIMS took up the case for electrophysiology study and radiofrequency ablation. We went transseptally from right atrium to left atrium, reinduced the fast heart rates on table, located the pathway and ablated. It was only retrogradely conducting pathway and there was no preexcitation during sinus rhythm. Patient was conscious throughout the procedure as it was done under local anesthesia. Post procedure patient was completely stable and was discharged the very next day. Patient came on follow up after 2 months now and he is completely asymptomatic.
